Note: Sponsorship amounts are denoted in U.S. Dollars. The Conference Organizing Committee retains the right to deny or accept sponsorships.

program possible and one opportunity to increase delegates involved in scientific global pollutant.

Join us in beautiful Providence, Rhode Island.

Exhibitors

ICMGP2017 welcomes organizations to exhibit information and products at the Conference. We will have an abundance of exhibit space available, all in one common space for the entire meeting. This space will house the food and poster sessions, therefore all active attendees will be in this single space. Exhibit space is available on a first-come, first-served basis. Purchasing exhibit space offers an opportunity to increase your organization's profile among a diverse and international group of delegates involved in mercury research, management, and policy.

We expect at least 750 scientists and policy experts, with hopes of building the meeting above 1,000 participants. Therefore, a booth at ICMGP2017 will be seen by many people over the course of the conference. Booths will be set up from Monday to Thursday for delegate visitation. The booths come with basic electricity and conference web access. Special services can be purchased directly from the Providence Convention Center.

Booths are provided to Conference sponsors first, then on a first-come, first-served basis.

Exhibitors Package

\$3,000 FOR SINGLE OR \$5,500 FOR DOUBLE-SIZED BOOTH

- ✓ Two (2) exhibit floor passes
- ✓ Display booth (10 ft x10 ft)
- ✓ 2 Chairs
- ✓ Booth skirting
- ✓ Booth comes with 110V electrical, 2 outlets
- ✓ Company description and link on event website
- ✓ Wireless internet will be freely available to all

Additional sponsor and exhibitor information is available on the website. Please contact **David Gay** for any questions and to reserve your space: call **217-244-0462** or email **dgay@illinois.edu**
